### **Independent Auditor's Report**

Board of Directors Vista Ridge Metropolitan District Weld County, Colorado

### **Report on the Financial Statements**

We have audited the accompanying financial statements of the governmental activities and each major fund of Vista Ridge Metropolitan District (District) as of and for the year ended December 31, 2019, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities and each major fund of Vista Ridge Metropolitan District, as of December 31, 2019, and the respective changes in financial position and the respective budgetary comparisons of the General Fund and Conservation Trust Fund for the year then ended in accordance with accounting principles generally accepted in the United States of America.

### **Other Matters**

### Required Supplementary Information

Management has omitted the management's discussion and analysis that governmental accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's financial statements as a whole. The supplemental information listed in the table of contents is presented for purposes of additional analysis and are not a required part of the financial statements.

The supplemental information is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The other information listed in the table of contents has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

## VISTA RIDGE METROPOLITAN DISTRICT RECONCILIATION OF THE STATEMENT OF REVENUES, EXPENDITURES AND CHANGES IN FUND BALANCES OF GOVERNMENTAL FUNDS TO THE STATEMENT OF ACTIVITIES Year Ended December 31, 2019

A reconciliation reflecting the differences between the governmental funds net change in fund balances and change in net position reported for governmental activities in the Statement of Activities as follows:

Net change in fund balances - Total governmental funds	\$ 774,602
Governmental funds report capital outlays as expenditures. However, in the Statement of Activities the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.  Depreciation	(61,591)
Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.	
Change in accrued interest payable - 2016A, 2016B and 2016 Revenue Amortization of prepaid bond insurance Amortization of cost of bond refunding Amortization of bond premium	1,801 (9,791) (159,399) 78,708 (88,681)
Repayment of the principal of bonds/notes payable is an expenditure in the governmental funds, however, the repayment reduces long-term liabilities in the Statement of Net Position.	
Principal payments - 2016 Revenue Refunding Bonds	835,000 835,000
Change in net position - Governmental activities	\$ 1,459,330

### **NOTE 1 - DEFINITION OF REPORTING ENTITY**

Vista Ridge Metropolitan District (District), a quasi-municipal corporation, was organized on January 8, 2001, and is governed pursuant to provisions of the Colorado Special District Act. The District's service area is located in Weld County, Colorado, entirely within the Town of Erie (the Town). The District was established to provide, operate, finance and maintain water and sewer services, streets, safety controls, street lighting, landscaping, storm drainage, television relay facilities, park and recreation, and transportation improvements.

The District follows the Governmental Accounting Standards Board (GASB) accounting pronouncements which provide guidance for determining which governmental activities, organizations and functions should be included within the financial reporting entity. GASB pronouncements set forth the financial accountability of a governmental organization's elected governing body as the basic criterion for including a possible component governmental organization in a primary government's legal entity. Financial accountability includes, but is not limited to, appointment of a voting majority of the organization's governing body, ability to impose its will on the organization, a potential for the organization to provide specific financial benefits or burdens and fiscal dependency.

The District is not financially accountable for any other organization, nor is the District a component unit of any other primary governmental entity.

The District has no employees, and all operations and administrative functions are contracted.

### **NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The more significant accounting policies of the District are described as follows:

### **Government-wide and Fund Financial Statements**

The government-wide financial statements include the statement of net position and the statement of activities. These financial statements include all of the activities of the District. For the most part, the effect of interfund activity has been removed from these statements. Governmental activities are normally supported by taxes.

The statement of net position reports all financial and capital resources of the District, with the difference between the assets and deferred outflows of resources and, liabilities and deferred inflows of resources of the District being reported as net position.

The statement of activities demonstrates the degree to which the direct and indirect expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include 1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function or segment, and 2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues. Major individual governmental funds are reported as separate columns in the fund financial statements.

### Measurement Focus, Basis of Accounting and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the District considers revenues to be available if they are collected within 60 days of the end of the current period. The major sources of revenue susceptible to accrual are taxes and certain reimbursements. All other revenue items are considered to be measurable and available only when cash is received by the District. Expenditures, other than interest on long-term obligations, are recorded when the liability is incurred or the long-term obligation is paid.

The District reports the following major governmental funds:

The <u>General Fund</u> is the District's primary operating fund. It accounts for all financial resources of the general government except those required to be accounted for in another fund.

The <u>Conservation Trust Fund</u> (a Special Revenue Fund) is used to account for financial resources from the State of Colorado Lottery proceeds and grant proceeds that are restricted for recreational expenditures.

The <u>Debt Service Fund</u> accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of the governmental funds.

The <u>Capital Repair and Replacement Fund</u> is used to account for financial resources to be used for the acquisition and construction of capital equipment and facilities.

When both restricted and unrestricted resources are available for use, it is the District's policy to use restricted resources first, then unrestricted resources as they are needed.

### **Budgets**

In accordance with the State Budget Law, the District's Board of Directors holds public hearings in the fall each year to approve the budget and appropriate the funds for the ensuing year. The appropriation is at the total fund expenditures level and lapses at year-end. The District's Board of Directors can modify the budget by line item within the total appropriation without notification. The appropriation can only be modified upon completion of notification and publication requirements. The budget includes each fund on its basis of accounting unless otherwise indicated.

### **Pooled Cash and Investments**

The District follows the practice of pooling cash and investments of all funds to maximize investment earnings. Except when required by trust or other agreements, all cash is deposited to and disbursed from a single bank account. Cash in excess of immediate operating requirements is pooled for deposit and investment flexibility. Investment earnings are allocated periodically to the participating funds based upon each fund's average equity balance in the total cash.

### **Property Taxes**

Property taxes are levied by the District's Board of Directors. The levy is based on assessed valuations determined by the County Assessor generally as of January 1 of each year. The levy is normally set by December 15 by certification to the County Commissioners to put the tax lien on the individual properties as of January 1 of the following year. The County Treasurer collects the determined taxes during the ensuing calendar year. The taxes are payable by April 30 or if in equal installments, at the taxpayer's election, in February and June. Delinquent taxpayers are notified in August and generally sales of the tax liens on delinquent properties are normally held in November or December. The County Treasurer remits the taxes collected monthly to the District.

Property taxes, net of estimated uncollectible taxes, are recorded initially as deferred inflows of resources in the year they are levied and measurable. The deferred property tax revenues are recorded as revenue in the year they are available or collected.

### **Capital Assets**

The policy of the District requires that after construction, warranty and final acceptance by the Town, the District will dedicate all public infrastructure, except for certain trails and the non-potable water systems, to the Town for perpetual maintenance. The capital assets held by the District are reported in the government-wide financial statements. Capital assets are defined by the District as assets with an initial, individual cost of more than \$5,000. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair value at the date of donation. Assets included in construction in progress that the District will convey to other entities are not included in the calculation of invested in capital assets, net of related debt.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the life of the asset are not capitalized. Improvements are capitalized and depreciated over the remaining useful lives of the related fixed assets, as applicable.

Depreciation expense has been computed using the straight-line method over the estimated economic useful lives:

Trails 20 years Non potable water system 15 years

### **Development Fees**

In 2019, development fees of \$15,218 per gross acre are charged against properties within

the District. The development fee is due at the time of issuance of a building permit. The District records the development fees as revenue when received.

### **Bond Issue Costs and Original Issue Discount/Premium**

In the government-wide financial statements, bond premiums and discounts are deferred and amortized over the life of the bonds using the effective interest method. Bond issuance costs are expensed as in the year they occur.

In the fund financial statements, governmental fund types recognize bond premiums and discounts, as well as bond issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from actual debt proceeds received, are reported as debt service expenditures.

### **Cost of Bond Refunding**

### **Deferred Outflows/Inflows of Resources**

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, deferred outflows of resources, represents a consumption of net position that applies to a future period(s) and so will not be recognized as an outflow of resources (expense/expenditure) until that time. In the government-wide financial statements, the deferred cost of bond refunding is recognized as a deferred outflow of resources and is being amortized using the interest method over the life of the new bonds. The amortization amount is a component of interest expense, and the unamortized deferred cost is reflected as a deferred outflow of resources in the Statement of Net Position.

In addition to liabilities, the statement of net position and fund balance sheets will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, deferred inflows of resources, represents an acquisition of net position/fund balance that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. Property tax revenue that is related to a future period is recorded as deferred inflows. These amounts are deferred and will be recognized as an inflow of resources in the period that the amounts become available.

### **Fund Balances – Governmental Funds**

The District's governmental fund balances may consist of five classifications based on the relative strength of the spending constraints:

Nonspendable fund balance—the amount of fund balance that is not in spendable form (such as inventory or prepaids) or is legally or contractually required to be maintained intact.

Restricted fund balance—the amounts constrained to specific purposes by their providers (such as grantors, bondholders, and higher levels of government), through constitutional provisions, or by enabling legislation.

<u>Committed fund balance</u>—amounts constrained to specific purposes by the District itself, using its highest level of decision-making authority (i.e., Board of Directors). To be reported as committed, amounts cannot be used for any other purpose unless the District takes the same highest level action to remove or change the constraint.

<u>Assigned fund balance</u>—amounts the District intends to use for a specific purpose. Intent can be expressed by the District Board of Directors or by an official or body to which the District Board of Directors delegates the authority.

<u>Unassigned fund balance</u>—amounts that are available for any purpose. Positive amounts are reported only in the General Fund.

When an expenditure is incurred for purposes for which both restricted and unrestricted fund balance is available, the District considers restricted funds to have been spent first. When an expenditure is incurred for which committed, assigned, or unassigned fund balances are available, the District considers amounts to have been spent first out of committed funds, then assigned funds, and finally unassigned funds, as needed, unless the District Board of Directors has provided otherwise in its commitment or assignment actions.

On July 21, 2016, the District adopted a Resolution adopting a Fund Balance Policy, under which it is the District's policy to maintain a minimum General Fund balance equal to 20% of the current year's expenditures less capital outlay and transfers out budgeted for the fund.

### **NOTE 3 - CASH AND INVESTMENTS**

Cash and investments as of December 31, 2019 are classified in the accompanying financial statement as follows:

Cash and investments - unrestricted	\$ 2,742,677
Cash and investments - restricted	1,193,425
	\$ 3,936,102

Cash and investments as of December 31, 2019 consist of the following:

Deposits with financial institutions	\$ 326,879
Investments	3,609,223
	\$ 3,936,102

### **Deposits with Financial Institutions**

The Colorado Public Deposit Protection Act (PDPA) requires that all units of local government deposit cash in eligible public depositories. Eligibility is determined by state regulators. Amounts on deposit in excess of federal insurance levels must be collateralized. The eligible collateral is determined by the PDPA. PDPA allows the institution to create a single collateral pool for all public funds. The pool for all the uninsured public deposits as a group is to be maintained by another institution or held in trust. The market value of the collateral must be at least equal to 102% of the aggregate uninsured deposits. The State Commissioners for banks and financial services are required by statute to monitor the naming of eligible depositories and reporting of the uninsured deposits and assets

maintained in the collateral pools.

At December 31, 2019, the District's cash deposits had a bank balance of \$327,482 and carrying balance of \$326,879.

### Investments

The District has adopted a formal investment policy authorizing investments in accordance with State statutes.

Colorado statutes specify investment instruments meeting defined rating and risk criteria in which local governments may invest which include:

- Obligations of the United States, certain U.S. government agency securities and securities of the World Bank
- Certain international agency securities
- \* General obligation and revenue bonds of U.S. local government entities
- \* Bankers' acceptances of certain banks
- Commercial paper
- Certain corporate bonds
- \* Written repurchase agreements and certain reverse repurchase agreements collateralized by certain authorized securities
- Certain money market funds
- \* Guaranteed investment contracts
- Local government investment pools

### Interest Rate Risk

Colorado Revised Statutes limit investment maturities to three years or five years unless formally approved by the Board of Directors. Such actions are generally associated with a debt service reserve or sinking fund requirements.

As of December 31, 2019, the District had the following investments:

Investment	Maturity	Carrying Value
Colorado Liquid Asset Trust (Colotrust)	Weighted average under 60 days	\$ 3,609,223

### COLOTRUST

The District invested in the Colorado Local Government Liquid Asset Trust (COLOTRUST), an investment vehicle established for local government entities in Colorado to pool surplus funds. The State Securities Commissioner administers and enforces all State statutes governing COLOTRUST. COLOTRUST operates similarly to a money market fund and each share is equal in value to \$1.00. COLOTRUST is rated AAAm by Standard and Poor's. A designated custodial bank serves as custodian for COLOTRUST's portfolio pursuant to custodian agreements. The custodian acts as safekeeping agent for COLOTRUST's investment portfolio and provides services as the depository in connection with direct

investments and withdrawals. The custodian's internal records segregate investments owned by COLOTRUST. As of December 31, 2019 the District had \$3,609,223 invested in COLOTRUST held directly by the District. Information related to COLOTRUST, including the annual audited financial statements, can be found at the COLOTRUST website at <a href="https://www.colotrust.com">www.colotrust.com</a>.

### **Investment Valuation**

The District's investments are measured at amortized cost or in certain circumstances the value is calculated using the net asset value (NAV) per share, or its equivalent of the investment. These investments include 2a7-like external investment pools and money market investments. The District held investments in COLOTRUST at year end for which the investment valuations were determined as follows.

COLOTRUST determines the NAV of the shares of each portfolio as of the close of business of each day. The NAV per share of each portfolio is computed by dividing the total value of the securities and other assets of the portfolios, less any liabilities, by the total outstanding shares of the portfolios. Liabilities, which include all expenses and fees of COLOTRUST, are accrued daily. The NAV is calculated at fair value using various inputs in determine value in accordance with FASB guidance. It is the goal of the Trust to maintain a NAV of \$1.00 per share, however changes in interest rates may affect the fair value of the securities held by COLOTRUST and there can be no assurance that the NAV will not vary from \$1.00 per share.

### **Concentration of Credit Risk**

The District does not have a policy that addresses limitations on the amount that can be invested in any one issuer however the District invests primarily in local government investment pools, which is not subject to concentration of credit risk.

### **Restricted Cash and Investments**

The restricted cash and investments in the Conservation Trust Fund in the amount of \$250,018 are to be used exclusively for capital asset construction and maintenance in accordance with the Conservation Trust Fund.

At December 31, 2019, the District reports restricted cash and investments in the Debt Service Fund in the amount of \$943,407 to be used exclusively for debt service requirements (see Note 5).

### **NOTE 4 - CAPITAL ASSETS**

An analysis of the changes in capital assets for the year ended December 31, 2019 follows:

	_	alance at cember 31,					_	Balance at cember 31,
		2018	Increases		Decreases			2019
Capital assets, being depreciated:

### **General Obligation Bonds**

\$33,415,000 Unlimited Tax General Obligation Refunding Bonds, Series 2016A, dated December 14, 2016 (2016A Bonds), consisting of serial bonds with maturities beginning on December 1, 2022 with interest rates of 4.5% to 5.0%, payable semiannually on June 1 and December 1; and term bonds subject to mandatory sinking fund redemptions beginning on December 1, 2029 with interest rates of 4.0% to 5.0%, payable semiannually on June 1 and December 1. The 2016A Bonds are subject to redemption prior to maturity at the option of

the District, on December 1, 2017 and on any date thereafter with no redemption premium. The 2016A Bonds are payable from pledged revenue, including the District's covenant to levy the Required Mill Levy on all taxable property within the District to pay debt scheduled payments up to the amount allowed by electoral limitations and any other legally available revenues.

\$3,785,000 Taxable General Obligation Refunding Bonds, Series 2016B, dated December 14, 2016 (2016B Bonds), consisting of serial bonds with maturities beginning December 1, 2019 with interest rates of 1.95% to 3.32%, payable semiannually on June 1 and December 1. The 2016B Bonds are not subject to prior redemption. 2016B Bonds are payable from pledged revenue, including the District's covenant to levy the Required Mill Levy on all taxable property within the District to pay debt scheduled payments up to the amount allowed by electoral limitations and any other legally available revenues.

The Series 2016A and Series 2016B Bonds created a Surplus Fund which the District is to deposit any surplus revenues received up to a maximum of \$500,000. As of December 31, 2019, the balance in the account is \$0.

**\$2,750,000** Revenue Refunding Bonds, Series 2016, dated December 14, 2016 (2016 Refunding Bonds), consisting of term bonds subject to mandatory sinking fund redemptions beginning December 1, 2017 with an interest rate of 5.0%, payable semiannually on June 1 and December 1. The 2016 Refunding Bonds are subject to redemption prior to maturity at the option of the District on December 1, 2017 with no redemption premium. The 2016 Refunding Bonds are payable from pledged revenue, including system development fees, specific ownership taxes and any other legally available revenues.

The District's long-term obligations mature as follows:

	Principal			Interest			Total
2020	\$	965,000	-	\$	1,670,013		\$ 2,635,013
2021		1,035,000			1,642,350		2,677,350
2022		1,115,000			1,610,100		2,725,100
2023		1,195,000			1,564,025		2,759,025
2024		1,310,000			1,509,900		2,819,900
2025-2029		7,780,000			6,513,500		14,293,500
2030-2034		9,920,000			4,416,900		14,336,900
2035-2039		12,230,000			2,152,775		14,382,775
2040		2,770,000			116,188		2,886,188
	\$	38,320,000		\$	21,195,751		\$ 59,515,751

### **Authorized Debt**

At elections held on November 7, 2000 and November 6, 2001, a majority of the qualified electors of the District authorized the issuance of indebtedness in an amount not to exceed \$122,695,000 at an interest rate not to exceed 12% per annum.

As of December 31, 2019, the District had authorized but unissued indebtedness in the following amounts allocated for the following purpose:

	Amount Authorized on 11/7/2000	Amount Authorized on 11/6/2001	Total Amount Authorized	Authorization Used	Authorized but Unissued Debt Remaining
Street improvements	\$ 16,515,000	\$ 4,000,000	\$ 20,515,000	\$ (20,491,932)	\$ 23,068
Water supply	3,835,000	620,000	4,455,000	(4,400,502)	54,598
Sanitary sewer and storm drainage	4,345,000	500,000	4,845,000	(4,812,499)	32,501
Park and recreation	4,185,000	6,000,000	10,185,000	(9,307,220)	877,780
Operations and maintenance	2,695,000	=	2,695,000	(930,150)	1,764,850
Debt refunding	35,015,000	4,985,000	40,000,000	(38,500,000)	1,500,000
Intergovernmental contract	35,015,000	4,985,000	40,000,000	<u>-</u>	40,000,000
	\$ 101,605,000	\$ 21,090,000	\$ 122,695,000	\$ (78,442,303)	\$ 44,252,697

In the future, the District may issue a portion or all of the remaining authorized but unissued general obligation debt for purposes of providing public improvements to support development as it occurs within the District's service area, however, as of the date of this audit, the amount and timing of any debt issuances is not determinable.

### **NOTE 6 - FUND EQUITY**

At December 31, 2019, the District reported the following classifications of fund equity.

### Nonspendable Fund Balance

The nonspendable fund balance in the General Fund in the amount of \$400 is comprised of prepaid amounts which are not in spendable form.

### **Restricted Fund Balance**

The restricted fund balance in the General Fund in the amount of \$32,900 is comprised of the Emergency Reserves that have been provided for as required by Article X, Section 20 of the Constitution of the State of Colorado (see Note 12).

The restricted fund balance in the Conservation Trust Fund in the amount of \$250,018 is to be used exclusively for capital asset construction and maintenance in accordance with the Conservation Trust Fund.

The restricted fund balance in the Debt Service Fund in the amount of \$963,139 is to be used exclusively for debt service requirements (see Note 5).

### **Committed Fund Balance**

The committed fund balance in the Capital Repair and Replacement Fund in the amount of \$954,165 is comprised of amounts committed by the Board of Directors by a resolution and transferred was from the General Fund to establish a reserve for future capital repairs and replacements.

The committed fund balance in the General Fund in the amount of \$226,856 is comprised of amounts committed by the Board of Directors by a Resolution Adopting a Fund Balance

Policy to establish a minimum General Fund balance equal to 20% of the current year's expenditures less capital outlay and transfers out budgeted for the fund.

### **Assigned Fund Balance**

The assigned fund balance in the General Fund of \$246,846 represents the amount appropriated for use in the budget for the year ending December 31, 2020.

### **NOTE 7 - NET POSITION**

The District has net position consisting of two components - restricted and unrestricted.

Restricted net position includes amounts that are restricted for use either externally imposed by grantors, contributors or laws and regulations of other governments or imposed by law through constitutional provisions or enabling legislation. The District had restricted net position as of December 31, 2019 as follows:

### Restricted:

Emergencies	\$ 32,900
Capital construction/maintenance	250,018
Debt Service	 823,671
	\$ 1,106,589

The District's unrestricted net position (deficit) as of December 31, 2019 totaled \$(34,089,380). This deficit amount is the result of the District being responsible for the repayment of bonds issued for public improvements which were conveyed to other governmental entities.

### **NOTE 8 - INTERFUND AND OPERATING TRANSFERS**

The transfer of \$150,000 from the General Fund to the Capital Repair and Replacement Fund was to set aside monies for capital replacements.

### **NOTE 9 - RELATED PARTIES**

The Developer of the property which constitutes the District is Vista Ridge Development Corporation, LLC (Developer). One of the members of the Board of Directors of the District is an employee, owner or associated with the Developer or its management and may have conflicts of interest in dealing with the District.

### **NOTE 10 –AGREEMENTS**

### **Irrigation Agreements**

The Irrigation Water Facilities Common Use Agreement (Irrigation Agreement), between the District and Vista Ridge Golf Club Venture LLC (Owner), was entered into on December 29, 2006 and was recorded on January 4, 2007 to integrate portions of certain water features and irrigation system and to set forth the operation, management and replacement of the System (defined below). This agreement has a term of ten (10) years.

On October 31, 2016, the District and Colorado National Golf Club HQ, LLC (formerly known as Vista Ridge Golf Club Venture LLC) entered into an Irrigation Water Facilities Common Use Agreement, effective December 30, 2016, for an additional ten (10) year term.

The District constructed and installed certain irrigation facilities, consisting of underground pipelines, pumps and related facilities and appurtenances that transport irrigation water from supply sources to the community and the Golf Course (District Facilities). The Owner owns and operates certain water features and an irrigation system consisting of underground pipelines, pumps and related appurtenances and facilities located on or adjacent to the Golf Course and are used to provide irrigation to the Golf Course (Owner Facilities). The District Facilities and Owner Facilities are collectively referred to as the System and were designed, constructed and installed to allow for integration of the Owner Facilities and District Facilities in order to reduce the overall costs of construction, installation, operation and maintenance of the System.

The District and Owner agree that portions of the System (referred to as the Integrated System) shall be jointly used, operated, maintained and repaired as an integrated irrigation and water carriage system.

The Irrigation Agreement names the Owner as the manager of the Integrated System whereby the Owner is primarily responsible for all facets of the operation, maintenance, repair, replacement and upgrading of all portions of the Integrated System including the District Facilities therein (except for Pond 17 where the District is responsible for monitoring and testing of water quality) as more specifically described therein. The Owner shall also be responsible for metering all water usage by the District, the Owner, and other permitted users (as defined therein). Further, the District agrees to pay a management fee to the Owner for the services it provides.

The Irrigation Agreement provides the costs for repairs and replacements to the Integrated System shall be allocated 70% Owner and 30% District.

During the year ended December 31, 2019, the District remitted \$28,060 to the Owner for management of the Integrated System and billed the Owner \$70,589 in costs for repairs and replacements.

### **Non-Potable Water Agreement**

On March 31, 2016 the District entered into an Agreement for Non-Potable Water Service (Non-Potable Water Agreement) with The Village At Vista Ridge Owner's Association (Association) to establish the terms by which the Association can purchase Non-Potable Water from the District and the District will provide Non-Potable Water to the Association. The terms of this Non-Potable Water Agreement shall expire on March 31, 2017 but will automatically renew on April 1st of each succeeding year for an additional one (1) year term unless a party elects not to renew.

### **NOTE 11 - RISK MANAGEMENT**

The District is exposed to various risks of loss related to torts, thefts of, damage to, or destruction of assets; errors or omissions; injuries to employees or acts of God.

The District is a member of the Colorado Special Districts Property and Liability Pool (Pool) as of December 31, 2019. The Pool is an organization created by intergovernmental agreement to provide property, liability, public officials' liability, boiler and machinery, and workers compensation coverage to its members. Settled claims did not exceed this coverage in any of the past three fiscal years.

The District pays annual premiums to the Pool for liability, property and public officials' liability coverage. In the event aggregated losses incurred by the Pool exceed amounts recoverable from reinsurance contracts and funds accumulated by the Pool, the Pool may require additional contributions from the Pool members. Any excess funds that the Pool determines are not needed for purposes of the Pool, may be returned to the members pursuant to a distribution formula.

### **NOTE 12 - TAX, SPENDING AND DEBT LIMITATIONS**

Article X, Section 20 of the Colorado Constitution, referred to as the Taxpayer's Bill of Rights (TABOR) contains tax, spending, revenue and debt limitations that apply to the State of Colorado and all local governments.

Spending and revenue limits are determined based on the prior year's Fiscal Year Spending adjusted for allowable increases based upon inflation and local growth. Fiscal Year Spending is generally defined as expenditures plus reserve increases with certain exceptions. Revenue in excess of the Fiscal Year Spending limit must be refunded unless the voters approve retention of such revenue.

TABOR requires local governments to establish Emergency Reserves. These reserves must be at least 3% of Fiscal Year Spending (excluding bonded debt service). Local governments are not allowed to use the emergency reserves to compensate for economic conditions, revenue shortfalls or salary or benefit increases.

The District's management believes it is in compliance with the provisions of TABOR. However, TABOR is complex and subject to interpretation. Many of the provisions, including the interpretation of how to calculate Fiscal Year Spending limits, will require judicial interpretation.

On November 7, 2000, the District voters passed an election question to increase property taxes annually, without limitation of rate, to pay the District's operations, maintenance and other expenses. Additionally, the District's electors authorized the District to collect and spend all revenue of the District without regard to any limitations under TABOR.

This information is an integral part of the accompanying financial statements.
